INVESTMENT RATIONAL

THE NORTHAMPTON OFFICE MARKET

- Over the past decade the Northampton office market has evolved resulting in a restricted supply of good quality offices:
 - A large proportion of town centre offices have been lost to residential conversion.
 - Professional occupiers have shifted out of the town centre to established business park locations.
 - Speculative office development has been broadly unviable and suitable sites have been very restricted.
- As a result, the supply of Grade A and strong Grade B+ accommodation is at an all-time low.
- Occupier demand has remained consistently strong for good quality refurbished buildings in established business park locations, that are capable of immediate occupation.
- Rental levels continue to trend upwards.

THE OPPORTUNITY

- 5 Grange Park Court presents a strong opportunity for reversionary growth at lease expiry.
- The building offers flexible floor plates, enabling reletting as a whole, floor-by-floor, or as four individual suites in the event that the tenant doesn't renew.
- Recent comparable transactions demonstrate potential for rental growth.
- Limited supply strengthens the building's competitive position.
- The quoting price of £147 psf is underpinned by recent VP sales.
